The Perry County Collector's office provides taxpayers the option to receive tax statements electronically. E-billing of tax statements will occur in November of each year. You will need the eNoticesOnline Authorization Code printed on the last tax statement you received from Perry County. If you do not have your last tax statement from Perry County, you will need to contact the Collector's office at (573) 547-4422.

Once registered, you will receive future tax statements electronically instead of through the US mail. If you wish to discontinue electronic statements, you may do so at any time by unsubscribing your account or contacting the Collector's office at (573) 547-4422. Failure to validate the email address will discontinue e-billing. It is the taxpayer's responsibility to ensure that the email address provided to receive e-bills is accurate and up-to-date. Please note that the email address provided shall be a closed record under Chapter 610 of the Revised Statutes of Missouri and will not be made public.

You will need the eNoticesOnline Authorization Code printed on the last tax statement you received from Perry County.

**Failure to receive the tax statements via electronically does not relieve the obligation of the taxpayer to pay the taxes due by December 31, or any statutorily imposed late penalties or fees.**
